INTRODUCTION

The Innovation in SMEs programme (INNOSUP) was launched in 2014 under the Horizon 2020 programme and was deployed until 2024. Through the H2020-INNOSUP-1 action (“Cluster facilitated projects for new industrial value chains”), 130 M euros were distributed to 29 projects launched gradually over the last years.

INNOSUP-1 projects aimed at developing new industrial value chains, by fostering the collaboration & integration of different innovation actors (especially SMEs), from different sectors and regions, contributing to the development of emerging industries.

The budgets of INNOSUP-1 projects ranged from 3.3 M euros to 5.54 M euros. Each project had to allocate at least 75% of its total budget to support innovation in SMEs directly, through direct financial support and a mix of different targeted entrepreneurial and innovation support measures.

By emphasizing on bringing SME clusters together and creating a synergy between different industrial and technical European actors, INNOSUP-01 made a difference and allowed innovation to reach a new scale.

This report contains factsheets for each of the 29 projects supported. Whilst each factsheet gives an overview of the key features of a project, focus is made on the **Financial Support to Third Parties provided by each of the 29 partnerships**.

Please note that for the oldest projects, from the 2015 and 2016 calls, only key outcomes are provided.

This report is an update of the first version of May 2022.

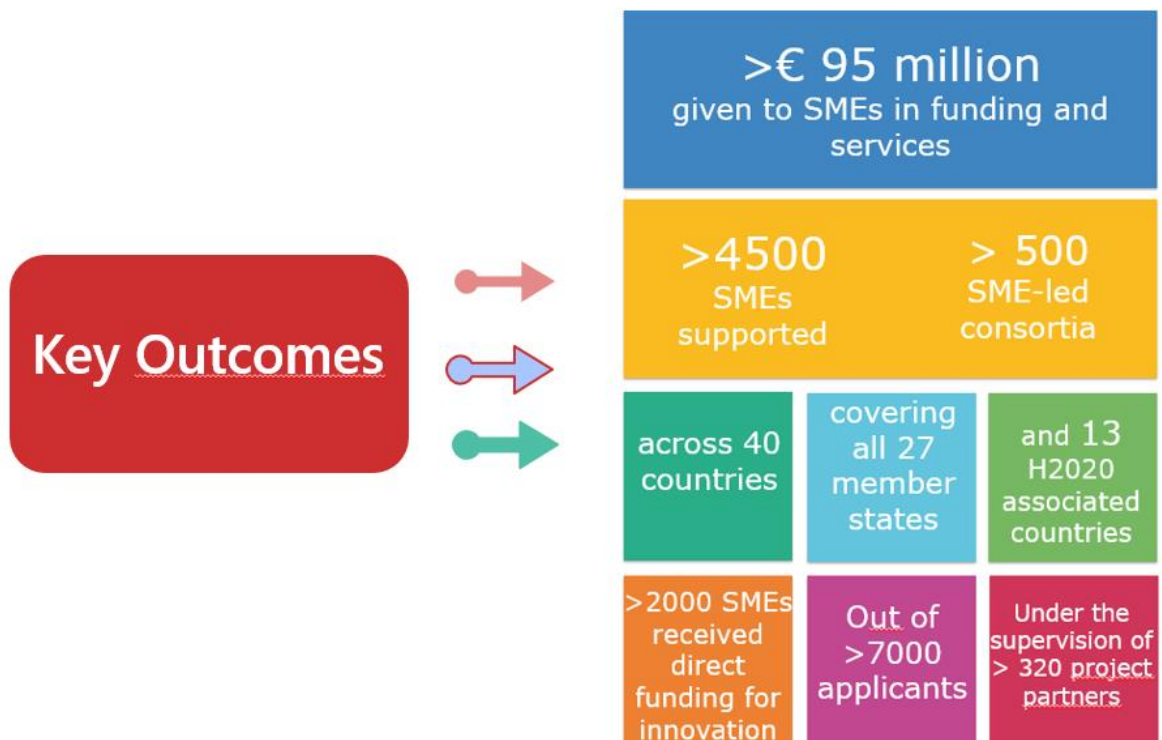

Overview of the 29 projects:

Sectors covered by the 29 projects:

Key outcomes of the H2020-INNOSUP-1 action:

Advanced Materials and Manufacturing
Technologies United for LightwEight

AMULET aims to foster the penetration of light-weighting materials in decarbonization & resource efficiency for circular economy cuts across different industries: automotive, aerospace & aeronautics, energy and building sectors.

Starting on 01/09/2021

Ending on 30/11/2024

Duration of 39 months

Project's total budget: 4.997 M€

EU contribution: 4.995 M€

Financial Support to Third Parties: 2.424 M€

77.57% of the budget for supporting innovation in SMEs

OPEN CALLS DESCRIPTION:

Number of Calls: 2

Calls opening: 1st Call open from 12/04/2022 to 30/06/2022
2nd Call open from 10/01/2023 to 22/03/2023

Open Calls budget: 1st call: 1.277 M€
2nd call: 1.193 M€

Geographical eligibility: SMEs from EU and H2020 associated countries.

Calls' implementation: Funnel (several stages)

Type of financial support:

- Stage 1: Feasibility grant: Up to 23,000€ per selected project (min 2 SMEs)
- Stage 2: Prototyping and demonstration: Up to 80,000€ per selected project
- Stage 3: Follow-up support for innovation: Up to 17,000€ per selected project

OPEN CALLS RESULTS:

Number of projects selected: 48

- Stage 1 - Feasibility study: 42 projects involving 93 SMEs to receive up to 23,000€
- Stage 2 - Prototyping and Demonstration: 15 projects from stage 1 to receive up to 80,000€
- Stage 3: Follow-up support: 15 projects from stage 1 to receive up to 17,000€

Number of SMEs that received funding: 93

Total FSTP budge distributed: 2,424,000 € including 16 800€ in final prizes (Awards)

**Green
Offshore
Tech**

GreenOffShoreTech fosters the development of the emerging Blue Economy Industries through translation of advanced technologies among 8 sectors: Offshore wind energy, Offshore aquaculture, Offshore oil and gas, Waterborne transport Advanced materials, Advanced manufacturing, Industry 4.0, and Environmental Technology.

Starting on 01/09/2021

Ending on 31/10/2024

Duration of 38 months

Project's total budget: 5.258 M€

EU contribution: 5.007 M€

Financial Support to Third Parties: 3 M€

89.18% of the budget for supporting innovation in SMEs

OPEN CALLS DESCRIPTION:

Number of Calls:	2
Calls opening:	1 st Call: From 06/04/2022 to 06/07/2022 2nd Call: From 10/01/2023 to 23/03/2023.
Open Calls budget:	Total of 3 M€, 1.5 M€ per Call
Geographical eligibility:	SMEs established and based in one of GreenOffShoreTech regions or members of one of the GreenOffShoreTech clusters
Calls' implementation:	Each Call in a funnel approach, with 3-phase accelerator programme: Phase 1- Idea maturation (Initial Business Plan). Phase 2- Idea validation (Prototype Development). Phase 3- Growth (Promotion and exploitation)
Type of financial support:	<ul style="list-style-type: none">• <u>Feasibility study</u>: lump sum of 5,000€.• <u>Prototype development</u>: lump sum of 45,000€.• <u>Growth</u>: lump sum of 10,000€ Up to 60,000€ per project

OPEN CALLS RESULTS:

Total number of selected projects:	82 projects
	<ul style="list-style-type: none">• <u>Feasibility study</u>: TOP 74 winner projects to receive FSTP for 5,000€.• <u>Prototype development</u>: TOP 54 winner projects to receive additional FSTP for max 45,000€.• <u>Growth</u>: TOP 32 projects to receive additional FSTP for 10,000€• <u>Awards</u>: 5 prizes from 2.500 to 15.000 euros (total of 40.000 euros)
Number of SMEs that received funding:	74
Total FSTP budget distributed:	3,000,000 €

MIND4MACHINES aims to facilitate the cross-sectoral and cross-border support needed by manufacturing SMEs to test and adopt the latest digital technologies for transformation towards smarter, greener, and more resource-efficient manufacturing.

Starting on 14/06/2021

Ending on 13/11/2024

Duration of 41 months

Project's total budget: 5.212 M€

EU contribution: 4.999 M€

Financial Support to Third Parties: 3.240 M€

78.38% of the budget for supporting innovation in SMEs

OPEN CALLS DESCRIPTION:

Number of Calls:	2
Calls opening	1 st Call from 27/04/2022 to 29/06/2022 2 nd Call from 14/02/2023 to 19/04/2023
Open Calls budget:	Total of 3.240 M€. 1.621 M€ for Open Call-1, 1.619 M € for Open Call-2
Geographical eligibility:	SMEs from EU and H2020 associated countries
Calls' implementation:	Single SMEs or consortia of SMEs acting as Industry 4.0 Technology service providers will tackle Industry 4.0 topics and industry challenges by increasing the TRL of the proposed solutions.
Type of financial support:	<ul style="list-style-type: none">• <u>Innovation Support (Testing and validating)</u>: 3.031 M€ budget, up to 60,000€ per project (60,000€ to single-participant SME, and up to 90,000€ if multiple SMEs)• <u>Go-to-Market Support (demonstration and scalability)</u>: 209,400€ budget, up to 30,000€ per project (30,000€ to single-participant SME, and up to 60,000€ if multiple SMEs)

OPEN CALLS RESULTS:

Total number of selected projects:	41 projects
Number of SMEs that received funding:	89
Total FSTP budget distributed:	3 240 625 €

[MIND4MACHINES](https://www.mind4machines.eu) on Cordis - Website of MIND4MACHINES: <https://www.mind4machines.eu>

SecurIT aims to create a global competitive security industrial value-chain through better integration of innovative security systems to support the time to market optimization, integration of privacy and security by design at all steps of maturity, through collaboration between SMEs and RDI.

Starting on 01/09/2021

Ending on 31/08/2024

Duration of 36 months

Project's total budget: 4.96 M€

EU contribution: 4.907 M€

Financial Support to Third Parties: 3.521M€

84.57% of the budget for supporting innovation in SMEs

OPEN CALLS DESCRIPTION:

Number of Calls: 2
Calls opening: 1st Call open from 25/01/2022 to 26/04/2022
2nd Call open from 10/01/2022 to 14/03/2023
Open Calls budget: 1st call: 1,758,000€
2nd call: 1,763,000€
Geographical eligibility: SMEs from EU and H2020 associated countries
Calls' implementation: Different types of vouchers

Type of financial support:

- Prototyping development vouchers: up to 74,000€ per project (min. 2 SMEs per project).
- Demonstration vouchers: up to 88,000€ per project (min. 2 SMEs per project).

OPEN CALLS RESULTS:

Total number of selected projects: 42

- Prototyping vouchers: 14 projects involving 28 SMEs to receive FSTP (7 projects per call)
- Demonstration vouchers: 28 projects involving 56 SMEs to receive FSTP (14 projects per call)
- Awards: 4 prizes for demonstration projects, receiving €10.000 each.
2 prizes for prototype projects, receiving €7.500 each

Total number of SMEs that received funding: 80 to 100 SMEs
Total FSTP budget distributed: 3,521,000

SecurIT on Cordis - Website of SecurIT: <https://securit-project.eu>

URBAN TECH aims to increase the competitiveness of EU Health Technology, Smart Cities and Green Industries by supporting market launch of improved products.

Starting on 01/09/2021

Ending on 31/08/2024

Duration of 36 months

Project's total budget: 5.264 M€

EU contribution: 4.959 M€

Financial Support to Third Parties: 2.05 M€

78.7% of the budget for supporting innovation in SMEs

OPEN CALLS DESCRIPTION:

Number of Calls: 1 (to cover 3 topics: Health Tech, Smart City and Greentech)

Calls opening: From May 2022 to September 2022

Open Calls budget: 2.05 M€

Geographical eligibility: SMEs from EU and H2020 associated countries.

Calls' implementation: Funnel (several stages)

Type of financial support:

- Stage 1: pre-incubation grant: up to 9,500€ (1 SME)
- Stage 2: incubation/pilot grant: between 20,000€ and 30,000€ (1 SME)
- Stage 3: Market Discovery Voucher: up to 14,000€ (1 SME)
- Final Stage: Pitching Competition: up to 5000€ prizes (1 SME)

OPEN CALLS RESULTS:

Number of projects selected: 80 for stage 1; 30 for stage 2; 20 for stage 3

- Stage 1 - pre-incubation grants: 80
- Stage 2 - incubation/pilot grant: 33 projects from stage 1 received between 20,000€ and 30,000€
- Stage 3: Market Discovery Voucher: 23 projects from stage 2 received up to 14,000€
- Final Stage: Pitching Competition: 3 Best SMEs to receive financial prizes up to 5000€

Number of SMEs that received funding: Same number than for projects

Total FSTP budget distributed: 2.054.817 €

[URBAN TECH](https://www.urbantech-project.eu) on Cordis - Website of URBAN TECH: <https://www.urbantech-project.eu>

DigiCirc is leveraging digital technologies as key enablers for circular economy (products, services, processes, business models) in three domains: circular cities, bio economy and blue economy.

Starting on 01/05/2020

Ending on 31/03/2023

Duration of 35 months

Project's total budget: 5.444 M€

EU contribution: 4.961 M€

Financial Support to Third Parties: 2.4 M€

95.3% of the budget for supporting innovation in SMEs

OPEN CALLS DESCRIPTION:

Number of Calls: 3 (one on Circular Cities, one on Blue Economy, one on Bio-economy)

Calls opening: 1st Call on Circular Cities: from 01/11/2020 to 14/01/2021.

2nd on Blue Economy: from 02/06/2021 to 08/09/2021.

3rd on Bio-economy: from 09/09/2021 to 10/11/2021.

Open Calls' budget: 800,000€ per call (2.4M€ in total)

Geographical eligibility: SMEs from EU and H2020 associated countries.

Calls' implementation: Funnel (several stages)

Type of financial support:

- Stage 1: grant for go-to-market strategy and MVP: 15 to 17 projects (min. 2 SMEs) per call to receive up to €15,000
- Stage 2: grant for prototype and demonstration: Top 5 projects per call to receive €100,000

OPEN CALLS RESULTS:

Number of selected projects: 48

- 1st Call on Circular Cities: 17 projects selected, involving 36 SMEs, from 11 countries.
- 2nd Call on Blue economy: 15 projects selected, involving 31 SMEs, from 10 countries.
- 3rd Call on Bio-economy: 16 projects selected, involving 35 SMEs, from 19 countries.

Number of SMEs that received funding: 102 SMEs from 19 countries

Total FSTP budget distributed: 2,400,000 €

GALACTICA aims to bring the EU at the forefront of textile and aerospace by empowering Industrial intelligent systems and Industrial IoT to develop long-term strategic high-level competitive goods.

Starting on 01/09/2020

Ending on 28/02/2023

Duration of 30 months

Project's total budget: 5 M€

EU contribution: 5 M€

Financial Support to Third Parties: 2.970 M€

76.34% of the budget for supporting innovation in SMEs

OPEN CALLS DESCRIPTION:

Number of Calls: 2

Calls opening: 1st Call: open from 16/03/2021 to 19/05/2021.
2nd Call: open from 18/01/2022 to 30/03/2022.

Open Calls' budget: Total of 2.84M€.

Geographical eligibility: SMEs from all EU and H2020 associated countries.

Calls' implementation: Different types of vouchers

Type of financial support:

- "Pioneer Projects" (concept validation): up to 20,000€ per project, min 1 SME.
- "Orbital Projects" (development and demonstration): up to 100,000€ per project; min 2 SMEs per project.

OPEN CALLS EXPECTED RESULTS:

Total number of projects selected: 40 "pioneer" and 20 "orbital" projects.

Results to date:

- 1st Call: 18 "pioneers" and 8 "orbital" projects selected, involving 36 SMEs from 14 countries.
- 2nd Call: 84 proposals received. 11 "pioneers" and 14 "orbital" projects selected, involving 46 SMEs from 11 countries.

Number of SMEs that received funding: More than 80

Total FSTP budget distributed: 2,970,000 € (also including travel vouchers and prizes)

GALATEA is promoting collaboration in four domains of Blue Growth (Smart ports, Smart ships, Smart shipyards, Maritime surveillance), by integrating technology and knowledge from ICT and aerospace.

Starting on 01/06/2020

Ending on 31/05/2023

Duration of 36 months

Project's total budget: 3.670 M€

EU contribution: 3.670 M€

Financial Support to Third Parties: 2.216 M€

78.93% of the budget for supporting innovation in SMEs

OPEN CALLS DESCRIPTION:

Number of Calls: 2

Calls opening: 1st Call: open from 27/01/2021 to 31/03/2021.

2nd Call: Open from 29/09/2021 to 08/12/2021.

Open Calls' budget: Total of 2.216 M€.

Geographical eligibility: SMEs from France, Spain, Greece, Poland and Romania.

Calls' implementation: Different types of vouchers

Type of financial support:

- Development and technology transfer vouchers (DTT): 20,000 € (min. 1 SME)
- Prototyping voucher (PR): 60,000€ (min. 2 SMEs)
- Large-scale demonstrator voucher (LSD): 60,000€ (min. 2 SMEs)

OPEN CALLS RESULTS:

Number of selected projects: 23 projects

- 1st Call: 14 projects selected (6 DTT, 15 PR, 3 LSD) involving 25 SMEs; budget: 1.26 M€.
- 2nd Call: 9 projects (3 DTT, 4 PR, 2 LSD), involving 19 SMEs; budget: 1.019 M€.

Number of SMEs receiving funding: 44 from 5 countries

Total FSTP budget distributed: 2,216,000 €

More information on [GALATEA](#) on Cordis

Starting on 01/06/2020

Ending on 31/05/2023

Duration of 36 months

Project's total budget: 5.126 M€

EU contribution: 4.996 M€

Financial Support to Third Parties: 2.7 M€

78.6% of the budget for supporting innovation in SMEs

OPEN CALLS DESCRIPTION:

Number of Calls: 4

Calls opening: "Seed" Calls: 1st from 15/12/20 to 26/02/2021, 2nd from 2/11/21 to 26/01/2022
"Grow/Harvest" Calls: 1st from 15/06/2021 to 30/09/2021, 2nd from 1/03/2022 to 25/05/2022

Open Calls' budget: Total of 2.7M€.

1st "Seed" Call: 148,150€; 2ND Seed" Call: 145,885; 1st "Grow/Harvest" Call 960,000€; 2nd "Grow/Harvest" 1.44M€

Geographical eligibility: SMEs from Portugal, Spain, Hungary, France, Italy, Austria, or a member of an organisation member of the EURIC, AM, EFB, ECTP platforms.

Calls' implementation: different types of vouchers

Type of financial support:

- Seed voucher (Feasibility studies): up to 5,000€ per selected SME
- Grow voucher (Development of technologies): up to 60,000€ per project. Min 2 SMEs from 2 sectors (one of them construction) and 2 countries (min 1 SME from 1 of the 6 target countries).
- Harvest voucher (Integration/uptake of technologies/solutions): same conditions as for Grow voucher.

OPEN CALL RESULTS

Number of projects selected:

- Seed calls: 60 innovation vouchers granted to 60 SMEs
- Grow/Harvest calls: 40 collaborative projects involving 154 SMEs

Number of SMEs that received funding: 100 unique SMEs

Total FSTP budget distributed: 2,700,000 €

MINE.THE.GAP aims at modernizing the Mining and Raw materials sector, to adapt to current trends and technologies, promote industrial modernization and digitalization. It brings together SMEs from the raw materials and mining sector with companies that have solutions for a more digital, greener, and circular mining value chain.

Starting on 01/09/2020

Ending on 30/11/2023

Duration of 39 months

Project's total budget: 4.854 M€

EU contribution: 4.854 M€

Financial Support to Third Parties: 3M€

85.39% of the budget for supporting innovation in SMEs

OPEN CALLS DESCRIPTION:

Number of Calls:	2
Calls opening:	1st Call: Open from 03/03/2021 to 05/05/2021 2nd Call: Open from 10/01/2021 to 14/03/2022
Open Calls' budget:	Total of 3.075M€. 1 st Call budget of 1.3M€, 2 nd Call budget of 1.5M€
Geographical eligibility:	SMEs from MINE.THE.GAP consortium countries or from a country of the Mining Industry Smart Specialisation Platform
Calls' implementation:	MINE.PoC vouchers (for prototyping/proof-of-concept) MINE.Demo vouchers (for developing and testing in a production environment of a simple functional demo/pilot)
Type of financial support:	<ul style="list-style-type: none">• <u>MINE.PoC vouchers</u> : Maximum 75,000€ per project (2-3 SMEs per project, 25,000€ per SME)• <u>MINE.Demo vouchers</u>: Maximum 150,000€ per project (2-3 SMEs per project, 50,000€ per SME) + Additional financial support (up to 7,000 €) distributed to the SMEs in the Business Hub services during sub-projects duration to help the companies to enhance their innovation capacities

OPEN CALLS RESULTS:

Number of selected projects:	26 projects, 22 for MINE.PoC, 4 for MINE.Demo
	<ul style="list-style-type: none">• <u>1st Call</u>: 12 projects selected, involving 31 SMEs from 8 countries.• <u>2nd Call</u>: 14 projects selected, involving 32 SMEs from 8 countries.
Number of SMEs that received funding:	63 SMEs
Total FSTP budget distributed:	3 M €

UFO stimulates the development of new products and services for six emerging industries (Mobility; Environment; Blue Growth; Digital, creative and gaming; Climate; Finance and insurance) by combining small flying objects with new embedded technologies and data exploitation solutions.

Starting on 01/05/2020

Ending on 31/01/2023

Duration of 33 months

Project's total budget: 4.35 M€

EU contribution: 4.35 M€

Financial Support to Third Parties: 3.038 M€

88.11% of the budget for supporting innovation in SMEs

OPEN CALLS DESCRIPTION:

Number of Calls: 2

Calls opening: 1st Call: open from 27/11/2020 to 18/02/2021
2nd Call: open from 15/06/2021 to 07/10/2021

Open Calls' budget: Total of 3.038 M€.
1st call: 1,532,000€; 2nd call: 1,505,800€

Geographical eligibility: SMEs from France, Romania, Greece, Bulgaria, United Kingdom

Calls' implementation: Different types of vouchers

Type of financial support (in each call):

- Feasibility vouchers: up to 60,000€ (min 2 SMEs)
- Demonstration vouchers: up to 150,000€ (min 2 SMEs)

OPEN CALLS RESULTS:

Number of selected projects: 25 projects

- 1st Call: 13 projects (10 demonstration projects and 3 feasibility studies), involving 34 SMEs
- 2nd Call: 12 projects (11 demonstration projects and 1 feasibility study), involving 31 SMEs

Number of SMEs receiving funding: 65 from 5 countries

Total FSTP budget distributed: 3,038,000 €

Block.IS aims to build an open collaborative, cross-border, cross-sectoral innovation ecosystem which fosters the use of Blockchain technology in three vital sectors for the EU economy: agri-food, logistics and finance.

Starting on 01/05/2019

Ending on 31/01/2022

Duration of 33 months

Project's total budget: 5.453 M€

EU contribution: 4.913 M€

Financial Support to Third Parties: 2.807 M€

96.9% of the budget for supporting innovation in SMEs

OPEN CALLS DESCRIPTION:

- Number of Calls:** 6
- Calls opening:** 1st Call: From 04/09/2019 to 06/11/2019; 2nd Call: From 22/04/2020 to 22/07/2020; 3rd Call: From 06/08/2021 to 02/09/2021 (restricted)
Call for External challenges: From 27/08/2021 to 27/10/2021
2 Calls for cluster missions: covering the entire project duration
- Open Calls' budget:** Total of 2.8M€. 1st and 2nd Calls budget of 1.355M€ each, 3rd Call budget of 100,000€
- Geographical eligibility:** SMEs from EU and H2020 associated countries.
- Calls' implementation:** Funnel approach, with 3-phase accelerator programme: Innovation, Experiment and Commercialize phases. 3rd Call restricted only for SMEs already taking part in the accelerator. 9 cluster missions with 45 participants. 4 virtual challenges addressed
- Type of financial support:**
- Calls 1 and 2: Phase 1 – Innovation: 3,000€ grant per SME.
Phase 2 – Experiment: 50,000€ grant per SME.
Phase 3 – Commercialize: 7,000€ grant per SME.
 - Call 3: Experiment vouchers for 12,000€ per project
 - Calls for missions: Up to 750€

OPEN CALLS RESULTS:

- Number of selected projects:** 90 projects in total
- Call 1 and 2: Phase 1 – Innovation: 45 projects selected.
Phase 2 – Experiment: Top 46 out of the 90 projects.
Phase 3 – Commercialize: Top 20 out of the 46 projects.
 - Call 3: 5 projects selected.
- Number of SMEs receiving funding:** At least 141 SMEs
- Total FSTP budget distributed:** 2,807,000 €

DIGI-B-CUBE aims at combining Artificial Intelligence and Cognitive Computing Digital technology (CCDT) with the Bioimaging-Biosensing-Biobanking (B-Cube), to improve medical diagnostics.

Starting on 01/05/2019

Ending on 30/04/2022

Duration of 36 months

Project's total budget: 5.103 M€

EU contribution: 4.989 M€

Financial Support to Third Parties: 2.832 M€

75% of the budget for supporting innovation in SMEs

OPEN CALLS DESCRIPTION:

Number of Calls: 1 with different cut-off dates depending on the type of financial support

Calls opening: Cut-off dates: 03/04/2020, 29/07/2020 and 03/02/2021.

Open Calls' budget: Total of 2.7M€.

Geographical eligibility: SMEs from EU and H2020 associated countries.

Calls' implementation: 3 types of vouchers: Prototyping, Customized Solutions Innovation Vouchers and Co-working Disruption Lab Vouchers phases. Each SME can apply for multiple vouchers, but is restricted to the maximum value of each voucher type, and overall maximum of €60,000

Type of financial support:

- Prototyping Vouchers: maximum 20,000€ per Project (min 2 SMEs per project, from at least 2 sectors)
- Customized Solutions Innovation Vouchers: maximum 50,000€ per project (2-3 SMEs per project)
- Co-working Disruption Lab Vouchers: max 10,000€ for SMEs having benefited from CSIV.

OPEN CALLS RESULTS:

Number of selected projects: 32 project in total

- 1st Call: 17 projects selected for funding: 9 Customized Solutions Innovation Vouchers and 8 Prototyping Vouchers, for 1.439 M€, involving 43 SMEs (21 PV & 22 CSIV)
- 2nd Call: 15 applications selected for funding: 8 Customized Solutions Innovation Vouchers and 7 Prototyping Vouchers. Involving 38 SMEs

Number of innovation projects: 32

Number of SMEs receiving funding: 81 SMEs

Total FSTP budget distributed: 2,832,000 €

PARSEC promotes using Earth observation-derived information to improve productivity, outputs and eco-friendliness in the three emerging food, energy and environment industries.

Starting on 01/05/2019
Ending on 31/12/2021
Duration of 32 months

Project's total budget: 5.260 M€
EU contribution: 4.759 M€
Financial Support to Third Parties: 2.510 M€
92.94% of the budget for supporting innovation in SMEs

OPEN CALLS DESCRIPTION:

Number of Calls: 2
Calls opening: 1st Call: From 20/09/2019 to 03/01/2020.
2nd Call: From 30/03/2020 to 20/06/2020.
Open Calls' budget: Total of 2.510M€.
Geographical eligibility: SMEs from EU and H2020 associated countries.
Calls' implementation: 2 stages acceleration programme
1st Call for ideas (#100PARSEC) selected 100 SMEs to define and fine-tune innovative ideas
2nd Call for consortia (#15PARSEC) selected the best 15 projects with high market potential from #100PARSEC.
Type of financial support:

- 1st Call: 10,000€ in equity-free funding per project : 1 SMEs per project
- 2nd Call: 100,000€ per project with 2-4 SMEs per project (25,000-50,000€ per start-up/SME with a maximum of 60,000€). At least one SME per consortium is from #100PARSEC

OPEN CALLS RESULTS:

Number of selected projects: 100 project in total

- #100PARSEC: 100 projects selected, involving 100 SME from 23 countries
- #15PARSEC: The 100 winners plus the eligible SMEs from Call 1 merge into Consortia to propose new solutions, 15 projects selected, involving 34 SMEs from 17 countries

Number of SMEs receiving funding: 113 SMEs
Total FSTP budget distributed: 2,510,000 €
