Clusters of Sweden

What we are looking for

To increase opportunities for Taiwanese cooperation and partnerships with companies and research institutions throughout Sweden

Clusters of Sweden

What we offer

We are your intermediary to Swedish clusters!

We can provide access to cluster organisations and their members in:
**ICT/Tech, Manufacturing, Energy, Agriculture, Tourism, Textile, Railway,
Packaging, Mining, Media/Creative, Marine, Life Science, Interior, Forest**

Our clusters represent the interests of 1500 member organisations in the private sector, public sector, and academia – including more than 1200 small- to medium sized enterprises (SMEs)
