

Trade mission to Peru and Colombia

Go international in Latin America

Lima, Peru | Cartagena, Colombia

From June 3rd until 7th 2024

euWater4i-SD is pleased to invite you to join for its trade mission to Peru and Colombia in June 2024.

The mission is planned in two parts: one for each target country. **Companies can decide to participate in only part of the mission or in the whole mission.** In other words, Peru and/or Colombia.

The mission to Peru will take place in Lima, where a number of **meetings with water-related institutions** will be organised for the participating companies. Please note that the trade fair **Expo Agua Peru** will take place in Arequipa the week before the mission, from May 29th to 31st. euWater4i-SD will not be covering it, but companies are free to come earlier to attend.

The mission to Colombia will take place in Cartagena de Indias where we will attend the [67th ACODAL Water, Waste and Energy International Congress & Exhibition](#). It will be the opportunity for you to arrange **B2B meetings** with the South American key water stakeholders.

We offer our financial support to European SMEs by covering up to **€3,000** per company for their travel expenses - **€1,500** if you travel to only one country. Make sure to register early to benefit from the support.

We look forward to your participation!
