

# Moving the Future

## Get ready to Go International with these e-learning courses!

The lack of necessary skills and knowledge has been identified as one of the major obstacles that European SMEs face to internationalize. In this regard, the MOVE consortium has prepared a list of e-learning courses that will help your team to get ready to Go International!

Would you like to increase your knowledge of “international business”, “search for funds” “intellectual property rights” or in foreign languages? Contact your local cluster and register to the following courses **for free!**
