8. Contacts
One core company: EMBRAER

Over 90 suppliers

The Brazilian aviation industry is the largest in the southern hemisphere - us$ 7.5 billion/year and over 20,000 jobs.

Brazilian commercial aviation companies transport more than 109 million passengers/year on regular flights and 1.4 million tons/year of air cargo, performing 2.9 million operations in more than 140 airports, covering almost 900 regular routes.

General aviation fleet is the largest in Latin America, composed of more than 21,000 airplanes (700 commercial jets, 2,200 agricultural airplanes – “crop dusters”, 800 executive jets and 2,100 helicopters), that operate in more than 1,800 airports and more than 900 heliports in the Brazilian territory.

Research centers:
- ITA (Technological Institute Of Aeronautics)
- CTA (Aerospace Technical Center)
- INPE (National Institute Of Aerospace Research)
- IPT (Technological Research Institute)
BRAZILIAN AEROSPACE CLUSTER - CAPABILITIES

ABROAD = ACTIVITIES AND BUSINESS FROM REAL OPPORTUNITIES FOR AEROSPACE DEVELOPMENTS

COSME PROJECT

- 24 months (Jan’16 to Dec`17)
- 75% funding (approx. 500,000 euros)
- 6 partners benefitting all EACP members
FRAMEWORK PROGRAM

INFORMATION EVENTS

➤ Business development
➤ Laboratories (Lightweight Structures, Manufacturing and Critical Systems) at the Technological Park
➤ Technological Institute Of Aeronautics

COMPANY VISITS

➤ Potential cooperation partners, customers, suppliers..

B2B

➤ The Brazilian Cluster will offer access to an online matchmaking tool
➤ Support on individual approaches (in case of requests)
<table>
<thead>
<tr>
<th><strong>SATURDAY or SUNDAY</strong></th>
<th>Individual arrival in São José dos Campos</th>
</tr>
</thead>
</table>
