# Tech Road show - New Frontiers in Food

11 October 13.30h New Markets outside Europe 2018-2019

Interested in markets outside Europe? Meet international partners, companies, market experts & food cluster organizations of the EU-project **New Frontiers in Food (NF4)** at the accelerate session '**New Markets outside Europe 2018-2019**'! This project is an internationalization fast track accelerator for innovation-intensive food SMEs. Within this EU-project, Innovation Tours are organized to jointly explore new markets, such as USA and China.

During this session, Adrienne Gentil and Tjerna Ellenbroek will explain the NF4-project, Innovations Tours and application procedure. In addition, international-oriented companies will pitch about their experience in internationalization, the value chain of "functional food and health ingredients" and exploring new markets!
