

Food in Eco Network – internationalization and global competitiveness of European SMEs in Food and Eco Logistics Sector

FOODNET

Are you representing food or eco-logistics cluster / business organization? Are you interested in going international? We would like to kindly invite you to:

FoodNet Final Conference!

It will take place on **27th November 2019** in Belgium, Palais des Congrès de **Liège**.

The general theme of the **conference** is: **"How can food and logistics companies work together to conquer new markets?"** and it has been joined together with the **Riverdating** (27th – 28th of November) - a business event with customized meetings dedicated to innovative inland waterway and multimodal transport solutions.

Visit our website: www.foodnet-project.eu to learn how to **register** and find the **conference** agenda.

FOODNET Final Conference will provide an excellent opportunity for all entities - especially companies, clusters and others - interested in more sustainable supply chains of food industry, food market and logistics processes.

During the **conference** lessons learnt, key success factors and outcomes of **FOODNET** project will be presented. Knowledge will be also shared on food export challenges **outside the EU** and support from **logistic companies** to **food companies** in their export strategies.

Moreover, in the evening of **27th November** a **social event** with the **Riverdating** participants is planned so business contacts and knowledge sharing can be continued and **FOODNET** conference participants can expand their network of clients, suppliers and logistics partners.
