

STATEMENT OF INTEREST

This is a general statement of interest, based on the appreciation of the potential of the FoodNet project and interest in its results. Please note that this is neither legally nor financially binding commitment. Nevertheless by communicating your statement you express an interest to support the open Partnership in the scope of your organisation expertise and willingness in collaboration in the framework of this project. That is to provide feedback in order to successfully implement the project and establish long-term cooperation agenda in Europe.

This is to confirm that my organisation is interested to support the Food In Eco Network (FoodNet) Partnership and cooperate within this initiative to have an impact on the food and eco-logistics sector, benefit from the project and Partnership results, promotion and networking activities with cluster members and global Partners.
