PACKAGING CLUSTER

WHAT IS A CLUSTER?

A Cluster is a tool to understand a business and promote actions to improve companies' competitiveness in different areas, to make them more profitable.

WHO WE ARE

Constituted by Catalan companies in 2012 it gathers knowledge centres and entities representing the entire value chain of the field, which range from R&D, raw materials and intermediates; machinery; peripheral and line endings; packaging manufacturers; end users and logistics.

OUR GOALS

- To drive company competitiveness through new business opportunities
- To foster an attractive ecosystem
- To take advantage of business environment synergies

STRATEGIC CHALLENGES

- To improve Sustainability
- To innovate in Smart Packaging
- To encourage Automation
