# European Pellet Conference

28 February – 1 March 2018

## European Pellet Conference 2018: The Pellet World gathers in Wels/Austria **Meet. Learn. See. Enjoy!**

The European Pellet Conference is the largest annual pellet event worldwide. It is **the** meeting place for the global pellet community and a great opportunity to get informed about current trends in the pellet and bioenergy world. The event attracts more than 500 experts to Wels by delivering the latest news about markets, technologies and policies. It also offers interactive events that provide valuable networking possibilities for exchanging experience and developing new cooperations and partnerships.

The conference is organised by the OÖ Energiesparverband, the energy agency of Upper Austria, and takes place from **28 February – 1 March 2018** in **Wels/Austria**. Upper Austria is an ideal location for such a conference: more than 25 % of all automatic boilers sold in the EU are manufactured by Upper Austrian companies.

### Highlights of the European Pellet Conference 2018:

- **World Pellet Business & Technology Forum**
- **Pellet Technology Outlook**
- **Pellet Market News Worldwide:** European and global markets
